Understanding the Multifaceted Nature of Patriarchy

The phrase "a woman rides the beast" is a powerful metaphor. The "beast" doesn't represent a single entity but rather the complex, multifaceted system of patriarchy. Patriarchy, at its core, is a social system where men hold primary power and predominate in roles of political leadership, moral authority, social privilege, and control of property. This isn't simply about individual men oppressing women; it's a deeply ingrained system woven into our laws, customs, institutions, and even our subconscious biases.
