Book Concept: All Grown Up: The Finster Who Stole Christmas

Logline: A jaded adult rediscovers the magic of Christmas through an unlikely encounter with a mischievous, centuries-old Christmas spirit – a grumpy, misunderstood Finster – who's inadvertently stolen the holiday's joy.

Storyline: Elias Thorne, a successful but emotionally detached architect in his late thirties, loathes Christmas. Haunted by childhood trauma and burdened by a demanding career, he's become a cynical Scrooge-like figure, finding only annoyance in the festive season. On Christmas Eve, while working late, Elias stumbles upon an ancient, ornate music box. Unwinding it unleashes Finster, a tiny, grumpy Christmas spirit bound to the box for centuries, whose job was to distribute Christmas cheer – a job he utterly failed at. Finster, believing Elias to be the key to restoring Christmas magic (and freeing himself from the box), forces Elias on a whimsical, often chaotic, journey through Elias's past and present. Through their unlikely partnership, Elias confronts his buried emotions, rediscovers the true meaning of Christmas, and learns the importance of forgiveness and embracing joy. The journey involves quirky encounters with past Christmases – both Elias's own and the many others Finster has haphazardly influenced – revealing the impact of even small acts of kindness and cruelty on the lives of others. Ultimately, Elias must choose whether to help Finster restore Christmas magic or succumb to his cynicism.
