Book Concept: Allison Pataki: The Accidental Empress

Logline: A spirited American history professor stumbles upon a hidden family secret that catapults her into the tumultuous world of 18th-century Austria, forcing her to navigate courtly intrigue, forbidden love, and the unexpected weight of an empire.

Target Audience: Readers of historical fiction, romance, and women's empowerment narratives. The story appeals to those interested in strong female protagonists, historical settings (specifically 18th-century Austria), and tales of self-discovery and resilience.

Storyline Structure:

The novel will employ a dual timeline structure. The present-day storyline follows Allison, a successful but slightly jaded history professor specializing in the Habsburg Empire. She discovers a hidden compartment in her great-grandmother's antique trunk, revealing letters and a faded portrait suggesting a shocking secret – a direct lineage to a forgotten branch of the Habsburg family.

The historical storyline weaves between Allison's present-day struggle to reconcile her discovery with her life and her ancestor's compelling journey. Allison's ancestor, let's call her Elara, is a vibrant and independent young woman thrust unexpectedly into the demanding role of Empress. Elara must navigate the treacherous political landscape of the Viennese court, facing powerful enemies, manipulative courtiers, and the complexities of dynastic marriage.

The narrative alternates between Allison's modern-day investigations and Elara's historical experiences, creating suspense and revealing parallels between their lives. Both women grapple with unexpected responsibilities, personal sacrifices, and the challenge of forging their own paths despite societal pressures. The climax involves Allison making a momentous decision that echoes Elara's

sacrifices, ultimately shaping Allison's future and reaffirming the strength and legacy of her lineage.
