Book Concept: Angel Next Door Spoils Me Rotten (Light Novel)

Logline: A perpetually unlucky college student's life takes a fantastical turn when a literal angel, tasked with mending his broken luck, decides the best way to do so is by showering him with increasingly extravagant - and sometimes hilariously inappropriate - gifts and experiences.

Storyline:

Kaito, a perpetually unlucky college student plagued by bad grades, embarrassing accidents, and a crippling lack of funds, stumbles upon a hidden, ancient artifact. Unbeknownst to him, this artifact summons Seraphina, a high-ranking angel whose mission is to restore balance to the universe by fixing Kaito's unbelievably terrible luck. However, Seraphina's methods are... unconventional. Instead of subtle interventions, she chooses to shower Kaito with increasingly opulent and bizarre gifts - a private jet for a cross-country trip, a lifetime supply of gourmet ramen, a personal robot butler that accidentally sets the dorm on fire, etc.

The story follows Kaito's hilarious and chaotic journey as he navigates his newfound wealth and the increasingly absurd situations Seraphina's interventions create. He must learn to manage his newfound fortune, deal with the social implications of his sudden, unexplained wealth, and ultimately understand the true meaning of luck and happiness, all while trying to keep Seraphina's angelic identity a secret. The story will balance comedic scenarios with heartwarming moments as Kaito's relationships with his friends, family, and Seraphina deepen. A romantic subplot will blossom between Kaito and Seraphina, adding a touch of fantasy romance to the lighthearted narrative. The overarching plot will involve a looming threat to the balance of the universe, subtly introduced throughout the story and culminating in a final confrontation where Kaito and Seraphina must work together to solve the problem, ultimately proving that true luck comes not from material wealth, but from genuine connections and inner strength.
