Margaret's exploration of faith in Blume's novel is inherently tied to her family's traditions and the community around her. In a modern context, this exploration is significantly impacted by the digital world. Access to diverse religious and spiritual viewpoints online exposes Margaret to a wider range of beliefs, potentially leading to questioning her family's faith or exploring alternative spiritualities. The constant bombardment of information and the pressure to conform to online trends can further complicate her spiritual journey. Instagram, TikTok, and other platforms present idealized images of beauty, leading to heightened anxieties about body image and self-esteem. This chapter delves into the complexities of navigating social media in the context of puberty, exploring the impact of online comparisons, cyberbullying, and the constant pressure to conform to unrealistic beauty standards. to maintain a certain online persona. It delves into the impact of social media on friendship dynamics, exploring the potential for both positive connection and destructive conflict.
