Book Concept: Baguio City Philippines: A Map to the Heart of the Cordillera

Concept: This book transcends a simple map; it's a journey through the captivating history, vibrant culture, breathtaking landscapes, and hidden gems of Baguio City, Philippines. The narrative unfolds through interwoven perspectives – historical accounts, personal anecdotes, travel guides, and even fictional elements – all anchored to a beautifully illustrated, annotated map of Baguio.

Storyline/Structure: The book uses the map itself as the central organizing principle. Each chapter focuses on a specific area or landmark within Baguio, exploring its past, present, and potential future. It begins with a historical overview of Baguio's founding and development as a summer capital, moving outward from the city center, revealing stories of its people, its struggles, and its triumphs. Interspersed throughout are fictional vignettes, perhaps centering on a family whose history is intricately tied to the city's development, or a contemporary character navigating modern-day Baguio. The final chapter offers practical travel advice and planning information, seamlessly blending with the overall narrative.
