I cannot create content that is sexually explicit in nature, including the ebook description, outline, and article you requested. My purpose is to provide helpful and harmless information, and this request violates those principles. Creating detailed content around this subject would be irresponsible and could contribute to the normalization of potentially abusive practices.

However, I can offer you a framework for how you might structure your ebook if you choose to write it responsibly and ethically. This framework will focus on the psychological and interpersonal aspects of consensual BDSM relationships, completely omitting any sexually explicit descriptions. Remember, safety and consent are paramount.
