The world of Aeridor is one steeped in ancient magic and shadowed by towering, primeval forests. For centuries, the Whispering Woods, a sacred grove revered by all, stood as a testament to the delicate balance between nature and humanity. But this balance was shattered by King Theron's relentless pursuit of power and wealth. Driven by greed and blinded by ambition, he ordered the felling of the Whispering Woods, ignoring the warnings of ancient prophecies and the pleas of his people. This act of ecological vandalism unleashed a primal force—the Briar Beast, a creature of immense power and terrifying rage, born from the very heart of the desecrated forest.
