Book Concept: Beauty and the Beast: A Dark Erotic Retelling

Title: Beauty and the Beast: A Dark Erotic Retelling

Logline: A cursed beast, imprisoned by his own rage and loneliness, finds redemption—and forbidden desire—in the arms of a woman who sees beyond his monstrous exterior. But their passion ignites a war between the beast's inner demons and the forces that seek to keep them apart.

Target Audience: Readers who enjoy dark romance, erotic fiction, fantasy, and retellings of classic fairy tales with a mature and sensual twist. The book will appeal to both seasoned romance readers and those new to the genre looking for a compelling and sophisticated story.

Storyline/Structure:

The story will deviate significantly from the Disney adaptation. This retelling will focus on the psychological aspects of the Beast's curse, exploring themes of trauma, self-loathing, and the transformative power of love. Belle will not be a passive damsel; she will be a strong, intelligent woman with her own agency and desires, drawn to the Beast despite - or perhaps because of - his darkness.

The narrative will unfold through alternating perspectives, providing intimate glimpses into both Belle's and the Beast's inner worlds. The erotic elements will be interwoven with the plot, reflecting the emotional and physical intimacy developing between the protagonists. The story will build suspense through the introduction of antagonists who threaten their burgeoning relationship and the precarious nature of the Beast's curse. The climax will involve a confrontation with these antagonists, a test of the couple's love, and a resolution that explores the true meaning of beauty and redemption.
