The journal, penned by a renowned but discredited occultist, details a series of bizarre events surrounding a black cat in the Rue Morgue – a series of unsolved disappearances that seemingly defy rational explanation.

Isabelle, initially skeptical, becomes increasingly drawn into the mystery as she uncovers cryptic clues, historical records, and chilling parallels between the past events and unsettling occurrences happening in modern-day Paris. Her investigation takes her through the labyrinthine streets of the city, uncovering long-buried secrets and confronting a shadowy organization that seeks to harness the occult power associated with the black cat.
