Book Concept: Blood on the Tide (Katee Robert Series)

Book Title: Blood on the Tide: A Katee Robert Thriller

Logline: A seasoned homicide detective, haunted by a past case, must confront a chilling new series of murders echoing a ritualistic crime from her troubled youth, forcing her to confront her darkest demons and unravel a conspiracy that reaches the highest echelons of power.

Storyline/Structure:

The novel will follow Katee Robert, a hardened but deeply flawed detective with a troubled past. The story opens with the discovery of a body, brutally murdered in a manner strikingly similar to a cold case from Katee's youth—a case that left her psychologically scarred and professionally haunted. The murders escalate, each mirroring a stage of the original ritualistic killing, drawing Katee deeper into a nightmarish investigation.

The narrative will unfold through alternating perspectives: Katee's present-day investigation, interwoven with flashbacks revealing the details of the original cold case and its impact on her life. As Katee races against time to catch the killer, she is forced to confront her own past traumas, battling her inner demons while simultaneously navigating a complex web of political intrigue and powerful adversaries who want to keep the truth buried. The climax will feature a thrilling confrontation with the killer, revealing a shocking twist that connects the present-day murders to her past in a way she never anticipated. The book will end with a resolution, leaving a lingering sense of unease and potentially setting up future installments in the series.
