2. Chapter 1: The Face of War - Setting the Stage for Corporate Conflict

This chapter introduces the key players on both sides of the corporate battle. The "Greeks" – the ambitious startup – are characterized by their innovative spirit and unyielding desire for success. Their leader embodies the relentless drive of Achilles, while other characters mirror the roles of Patroclus and Ajax,

showcasing their strengths and vulnerabilities. This chapter establishes the stakes, showing the immense wealth and power at play, and highlighting the moral ambiguities of the conflict. The chapter ends with the first major clash – a hostile takeover attempt, mirroring the initial skirmishes of the Trojan War.

3. Chapter 2: The Wrath of Ajax - Ambition and Its Price

This chapter focuses on a character mirroring the fierce warrior Ajax. He's a rising star within the "Greek" startup, consumed by ambition and a desire for recognition. His actions demonstrate how unchecked ambition can lead to impulsive decisions and moral compromises. The chapter explores the parallels between Ajax's rage in the Iliad and the destructive consequences of corporate cutthroat tactics. This chapter explores the themes of jealousy, rivalry, and the corrupting influence of power. The "wrath" of Ajax is manifested through aggressive business tactics, betrayal, and a willingness to sacrifice ethics for personal gain.

4. Chapter 3: Helen's Gambit - Seduction and Manipulation

This chapter focuses on a charismatic female CEO who embodies Helen of Troy's seductive power. She's adept at manipulation and uses her charm to gain leverage in the corporate battle. This chapter delves into the theme of deception and explores how strategic seduction can be used to achieve power and influence.
