The discovery of ancient texts or artifacts – perhaps hidden in a forgotten corner of Camp Half-Blood or unearthed during an archaeological expedition – leads to the unveiling of a prophecy written in obsidian shards. This prophecy foretells a catastrophic event far more devastating than anything the Seven have faced before, introducing a new antagonist with powers surpassing even those of Gaia. their internal conflicts and forge new alliances if they hope to survive.

It could involve forging alliances with characters from previous books or introducing new, compelling characters from other mythological traditions, enriching the narrative and deepening the exploration of different mythologies.

6. Chapter 5: The Battle for Olympus (and Beyond) - The Epic Showdown

This chapter presents the climax of the story, a thrilling battle against the new antagonist and their forces.
